QUESTION:

Write program that asks user an integer N and that prints a series of N randomly generated numbers. The method should use Math.random() to select numbers in the range of 10 to 19 inclusive. After displaying each number that was produced, the method should indicate whether the number 13 was ever selected ("we saw a 13!") or not ("no 13 was seen.").

Sample outputs:

<pre>Enter an integer value: 6 next number:10 next number:11 next number:18 next number:10 next number:13 next number:19 We saw at least one 13!</pre>	<pre>Enter an integer value: 2 next number:19 next number:18 No 13 was seen</pre>
